Subject: Dimock Update

Mathy, Lisa and Barry - Just got an update from R3 (Ron B.) on Dimock. The region is planning to go out to the community tomorrow to gather more information about the 19 homes as well as the additional 20+ homes. The region will not be doing any sampling at this stage but merely asking questions to determine the locations of impacted homes, their current access to treatment systems/alternative water, and if any additional info is available. The state was invited to participate but declined. Cabot has also been notified.
